NA	NA	NA	Essentially for animal feeding	NA	NA	NA	NA
NA	NA	NA	Essentially for animal feeding but also highly appreciated in soups. Seeds used to be dry and salted and eaten as a snack (not that common nowadays)	NA	NA	Variety that used to be grown together with maize and beans, it is less frequent nowadays because this practice is not common anymore. Nonetheless is the second most used Cucurbita variety in the region (first is menina - Cucurbita moschata)	NA
